GROWLERS

The Copper Dog Growlers are a unique innovative sharing vessel (for up to 5 people) constructed in Portland, Oregon. The 1/2 gallon uKegs are filled with cocktails and pressurised to the correct setting so you can simply pour at the table. As the uKegs are double walled vacuum insulated, drinks can come served either cold or warm depending on the environment. The below cocktails are available as Growlers.

THE FULL COPPER DOG EXPERIENCE 35pp

Greeted with a Winter Spiced Old Fashioned, you'll be treated by the experts to a mini intro to and history of Copper Dog alongside tasting from the 'Copper Dippers' where you will 'steal' the spirit from the cask that rascal distillery workers once would. You'll then try the Bakewell Punch, Growler style, which will be paired with the CD rustic small plates to share.
