# ALL ABOUT US

## OVERVIEW

A return to the name of our first-ever opening, The Refinery at Regent's Place is set to become a weekday favourite & a definitive destination for Saturdays. A stone's throw from Regent's Park, Warren Street & Euston, The Refinery includes a bar, restaurant & al-fresco terrace for locals & Londoners alike. In keeping with fast-paced city life, The Refinery is open from 7:30am until late for brisk breakfast meetings, leisurely lunches & late-night suppers.

## FOOD & DRINK

Menus, inspired by seasonal, British food & crafted by executive chef Robert Mitchell, are influenced by the latest trends both here in London & across the globe. Similarly, cocktails incorporate old classics & tried-&-trusted favourites as well as the new, the unexpected & the surprising. The Refinery also offers interactive experiences for exciting events & group gatherings – from mixology masterclasses through to tippie tastings. Choose from a range of packages to suit all tastes & budgets; or allow our dedicated events planners to turn a spark of an idea into something truly memorable.

## STYLE

Mere moments from Regent's Park & located within a busy mixed-use development, Regent's Place is a hive of activity. Designed by award-winning agency Fusion, The Refinery is a stylish & relaxed setting with floor-to-ceiling glass windows, exposed brickwork & elegant décor. A statement bar made from stacked oak sleepers is a focal point within the dining room, while the terrace offers al-fresco dining opportunities complete with comfy armchairs. A mixture of furniture, from low-slung chairs & high stools to soft leather sofas, offers a variety of spaces for eating, drinking & relaxing.

## EVENTS

Elegant & charming, a number of areas at The Refinery are bookable for events – from small groups of friends to big business functions. From an opulent champagne reception to a celebratory birthday cake or treasure chest filled with boutique beers, every package is served with a delightful twist. Enjoy a cocktail masterclass or mixology lesson at the bar, bookable for up to 25 people, or organise a standing drinks reception or networking evening with exclusive hire of the full venue for 340 people. Every event is unique which is why we give you the option to create your own bespoke drink & canapé packages. Trouble deciding? We can recommend some of our favourite packages to suit all tastes & budgets. Why not have our dedicated events planners sprinkle a little magic on the spark of an idea?

## FILMING & PHOTOGRAPHY

Bedecked with vintages & one-of-a-kind pieces, The Refinery is regularly used for photoshoots & location filming as an elegant scene-stealing setting. Close to the studios and media offices in nearby Soho, it's an ideal option for filming and photography in central London.

# LOCATION

The Refinery is conveniently located within short walking distance of four Underground stations – Great Portland Street, Warren Street, Baker Street & Euston – offering ease of access to six different tube lines (Bakerloo, Circle, Hammersmith & City, Northern, Metropolitan, Victoria) & ensuring a seamless connection throughout central London & towards the suburbs in every direction. The introduction of the high-frequency, high-capacity Crossrail in 2018 will also include brand new stations at Tottenham Court Road & Farringdon, sitting at the intersection between the north-south & east-west axis of the railway. This will also connect travellers to three of the city's five airports from this area.

A number of 24-hour, staffed NCP car parks are located nearby, including Regent's Park & Welbeck Street.
