ESPRESSO MARTINI

Absolut vodka, Kahlúa, cold brew coffee & sugar syrup

This "pick me up" style of cocktail is a result of an off-the-cuff lightbulb moment by the pioneering and now late but legendary bartender Dick Bradsell from London.

The story goes that in the mid-80's a supermodel walked up to the renowned bartender and requested an indulgent cocktail to perk her up. The bartender swiftly pulled a fresh espresso from the newly installed coffee machine and mixed it with Vodka, Kahlúa and a touch of sugar, gave it a good shake and strained it into a martini glass, and just like that a modern classic was

born. Fast-forward to today, the *Espresso Martini* is a sophisticated little number that is loved by many!

So let's raise those martini glasses to Health, Wealth & Happiness as the three beans symbolise floating gently on the creamy head.
